(45) International onshore students who need to delay the commencement of their secondary or a later course within a package because they do not satisfy initial or progression conditions may make an application to defer their entry to the subsequent course to the next available study period, provided that any deferment period does not breach the National Code or the Department of Immigration and Border Patrol (DIBP) visa requirements (refer [Enrolment Deferment, Suspension and Cancellation Procedures - International Students](#)).

(58) Each student is responsible for ensuring they are correctly enrolled at all times and that their enrolment is kept up to date. All provisions in the Rules concerning enrolment will apply both to the first enrolment and to all subsequent re-enrolments.

(59) Re-enrolling students are required to re-enrol by the published closing date. Enrolment may be undertaken after the closing date at the discretion of the Director, Student Administration Services after consulting with the relevant Head of School and upon receipt of applicable fees.

(60) Students are not permitted to enrol in units while on student sanctions, however, they may withdraw from units in accordance with the standard rules for Variation of Enrolment.

(61) Enrolled students are obliged to provide personal information, including their full name, for record keeping and statistical purposes, as required by the Commonwealth Government. The University is governed by the [Privacy and Personal Information Protection Act 1998 \(NSW\)](#), the [Health Records and Information Privacy Act 2002 \(NSW\)](#) and the [Privacy Act 1988 \(Cth\)](#). (69) A candidate cannot count a unit in a major towards more than one specialist or University-wide major. Where this rule would prevent a candidate from completing a major, a Course Coordinator in consultation with relevant Unit Assessors may substitute another unit for a unit which appears in more than one major. A substitution may be made more than once.

(70) A student will not enrol in the equivalent of more than four units of study in any one study period, except with the approval of the relevant Deputy Head of School or College Director.

(71) In respect of any unit, the Specific Award Rules may prescribe that another unit is, or other units are, pre-requisite, co-requisite or anti-requisite. A student will not be permitted to enrol in a unit if the specified pre-requisite, co-requisite and anti-requisite requirements for that unit are not satisfied, except with the approval of the relevant Course Coordinator in consultation with relevant Unit Assessors.

(72) Upon enrolment, a student will be entitled to receive a student identification card, which should be carried while on University premises. A student may be required to show their identification card upon request by a designated employee of the University. Lost identification cards will be replaced upon payment of a prescribed administrative charge.

(73) Upon enrolment, a student will provide the Director, Student Administration Services with an address for the mailing of all official correspondence. For international onshore students, this must be the student's current residential address. A student must notify the Director, Student Administration Services of any change of address within no more than five working days of the change, in writing or via e-mail or via the student management system.

(74) The University is not liable if official correspondence fails to reach a student who has not notified the Director, Student Administration Services of a change of address as required by clause (73).

Section 6 - Variation of Enrolment

(75) A student who has enrolled for a study period may vary their enrolment by adding or withdrawing from individual units, in the manner prescribed by the Director, Student Administration Services, and within the time periods set by the University.

(76) All students are required to manage their study plan as prescribed by University Rules, Policies and Guidelines.

(77) In addition, international onshore students must manage their study plan to ensure it meets all requirements of their visa and that the course is completed within the duration of the student's COE (refer [Course Progress and Completion Within Expected Duration of Study Policy](#)).

Adding Units

(78) A student may enrol in additional units in a study period without penalty or special approval subject to the following:

- a. The unit addition complies with requirements of Section 5 - Enrolment.
- b. The student varies their enrolment according to the deadlines as published by the Director, Student Administration Services (normally the final day of week 2 of the relevant study period)

- c. The student complies with all requisite conditions, enrolment restrictions and special approvals as listed in the Schedule of Units active at the time of the unit addition.
- d. The student is aware that they may receive study materials later than usual or miss lectures and tutorials as a consequence of late enrolment, and that the Unit Assessor need make no allowances regarding deadlines for submission to assessment items because of this.

(79) Where the student proposes to add a unit after the published deadlines for the relevant study period, the following requirements must also be met:

- a. the census date for that study period has not yet passed;
- b. the student is aware that the Unit Assessor need make no allowances regarding deadlines for submission to assessment items because of late enrolment; and
- c. the student obtains written authorisation from the relevant Deputy Head of School/College. Where the Head of School/College responsible for the student's admitted course and the proposed unit are different, written authorisation must be obtained from both.

(80) A student will not be permitted to add units to their enrolment in a study period after the census date for that study period. If special circumstances beyond the student's control prevented the student from properly enrolling, the Director, Student Administration Services may consider retrospective enrolment if the student can demonstrate that a lack of enrolment in that study period would cause them to suffer a significant disadvantage.

(81) Approval of retrospective enrolment is at the discretion of the Director, Student Administration Services and subject to the following:

- a. The student submits a request for retrospective enrolment in writing to the Director, Student Administration Services, explaining fully the circumstances that led to their failure to properly enrol and outlining the significant disadvantage they would suffer if not enrolled retrospectively.
- b. Unit enrolment claims older than 12 months will not normally be considered.
- c. The student's request for retrospective enrolment is accompanied by written authorisation from the relevant Deputy Head of School or College Director. Where the Deputy Head of School or College Director responsible for the student's admitted course and the Deputy Head of School or College Director responsible for the proposed retrospective unit enrolment are different, the student must obtain written authorisation from both.

Withdrawing From Units

(82) A student may withdraw from a unit until the last day of that study period, subject to the following:

- a. A student who withdraws from a unit on or before the relevant Census Date will have their enrolment in that unit deleted from their academic record.
- b. A student who withdraws from a unit after the relevant Census Date but on or before the Withdrawal Without Fail Date will have a grade of "Withdrawn " recorded on their academic record for that unit.
- c. A student who withdraws from a unit after the relevant Withdrawal Without Fail Date will have a grade of "Withdrawn with Fail" recorded on their academic record for that unit.
- d. If special circumstances require a student to withdraw from a unit after the relevant Withdrawal Without Fail Date, the student may apply in writing to the Head of School responsible for the unit requesting permission to receive a grade of "Withdrawn" for that unit. The request must be made within 12 months of the last day of the study period to which the enrolment relates. Approval may be given by the Head of School for a grade of "withdrawn" to be recorded on their academic record for that unit. A withdrawal without failure authorisation from the Head of School does not reduce the student's financial liability for the unit.
- e. The Deputy Vice Chancellor (Academic) may approve a withdrawal without fail older than 12 months if the

student can demonstrate that special circumstances applied to prevent the student from applying for withdrawal without failure. Special circumstances apply only if they:

- i. were beyond the student's control;
- ii. impacted on the student's ability to apply for "withdrawal without failure" within the specified time frame; and
- iii. were such that it was impractical for the student to apply for "withdrawal without failure" within the specified time frame.

(83) Commonwealth Supported Students will incur the full financial liability for the unit if the request to withdraw from the unit is submitted after the census date for the relevant study period.

(84) Fee Paying students will incur the full financial liability applicable under the University Refund and Remissions Policy and Procedures current at the time the request to withdraw from the unit is submitted.

(85) Where special circumstances beyond the student's control have forced a student to withdraw from a unit after the relevant census date, the student may apply for a remission/refund of the financial liability applicable associated with the unit in accordance with the [Refund and Remissions Policy](#) and [Procedures](#) current at the time the request is submitted.

Unit Cancellations

(86) Unit cancellations will not normally occur after the Friday prior to orientation week.

(87) The Deputy Vice Chancellor (Academic) may approve the cancellation of a unit.

(88) Where a unit is cancelled, the Head of School responsible for the unit will ensure that any student enrolled in that unit is advised. The School will ensure that any student withdrawn due to cancellation is provided with an alternative unit offering, where appropriate.

(89) The relevant Head of School will provide the Director, Student Administration Services with written authorisation to withdraw the availability of the unit and to process any associated withdrawal of students.

Section 7 - Leave of Absence for a Specified Period

(90) A student, except an international onshore student, may take leave of absence for a specified period of up to one year, by giving notice in writing to the Director, Student Administration Services.

(91) A student may be granted more than one period of leave of absence, but the total period of leave of absence will not normally exceed two years. Leave of absence for a period in excess of one year requires approval by the relevant Course Coordinator. Honours students require the approval of the relevant Honours Coordinator before any leave of absence may be taken.

(92) International onshore students may only request a leave of absence in accordance with the [Enrolment Deferment, Suspension and Cancellation Procedures](#).

(93) A student granted leave of absence for a specified period will be treated as having taken leave of absence from the course and withdrawn from any enrolled units of study in the study period in which leave is commenced. The student's academic record will be amended as appropriate (see Section 6 - Variation of Enrolment).

(94) Leave of absence will not normally be granted until a student has completed the requirements for at least one unit.

(95) Periods of approved leave of absence will not be counted as part of the period for completion of a coursework award course (see Section 15 - Duration of Coursework Award Courses).

Returning from Leave of Absence

(96) A student who fails to re-enrol as directed after a period of approved leave of absence will be treated as prescribed in clause (101).

(97) A student resuming studies after a period of approved leave of absence will be subject to the award Rules in operation at the time of resumption and will be required to re-enrol as directed by the Director, Student Administration Services.

(98) Where a new version of a course has been implemented, a student returning from a Leave of Absence may be required to undertake this new version, if they cannot expect to complete the previous version within the teach-out period. Each case will be considered on a case by case basis.

Section 8 - Withdrawal from a Course

(99) A student who does not wish to continue to be enrolled in a course may withdraw from the course.
