## **Section 3 - Eligibility for Admission to a Postgraduate Coursework Award Course**

(23) Subject to clause (8), an applicant for admission to a postgraduate coursework award course must:

- a. have fulfilled all the requirements for a degree (or qualification of equivalent standing) at this University or at another university or tertiary institution approved by the Academic Board; or
- b. have satisfied such additional, or alternative, admission requirements as are prescribed in Specific Award Rules.

## **Section 4 - Advanced Standing**

(24) This Rule is subject to Specific Award Rules.

(25) A student is required to submit all applications for Advanced Standing prior to the commencement of their last study period. Failure to submit applications within a timely manner is likely to cause: problems fulfilling unit requisites; and delays with enrolment, course completion and graduation. Late submission of applications for advanced standing will not be used as grounds for requests for late changes.

(26) A Head of School may grant a student advanced standing no greater than 50% for units on the basis of studies successfully completed at this or another Australian University, or at other types of tertiary education institutions acceptable to the Academic Board; or on another basis acceptable to the Academic Board. The study plan for a student granted advanced standing shall be determined in each case by the relevant Head of School.

(27) Advanced standing over 50% by no more than two units may be granted by the School Board. Any advanced standing in excess of this may be approved by Programs Committee or as provided for in specific award Rules.

(28) Subject to the approval of the relevant Head of School, a student who is readmitted to a course may be granted advanced standing for units successfully completed while enrolled in that course on a previous occasion.

(29) A student permitted to undertake an internal course transfer (see Section 12 - ) may be granted advanced standing for units successfully completed while enrolled in the previous course. The number of units of advanced standing granted shall be decided by the Head of School into which the student is transferring.

(30) Advanced standing shall not be granted for units completed within an enabling (or bridging) program.

## **Section 5 - Enrolment**

(31) A student is responsible for ensuring they are correctly enrolled at all times and that their enrolment is kept up to date. All provisions in the Rules concerning enrolment shall apply both to the first enrolment and to all subsequent re enrolments.

(32) If a commencing student fails to enrol for the study period by the date specified in the offer of admission, the offer of admission may lapse and be withdrawn. Commencing students must enrol as specified in their offer, including

the specific course, attendance mode and campus.

(33) A commencing student is enrolled on completion of all of the following:

- a. acceptance of the offer of admission;
- b. completion of enrolment in units;
- c. payment of prescribed fees (unless the Director of Student Services has granted an extension of time for such payment); and
- d. submission of a correctly completed Request for Commonwealth Assistance Form.

(34) An international applicant who is liable to pay the Overseas Student Health Charge, as required by the Commonwealth Government for issue and continuation of student entry permits, and who fails to pay the charge to the University by a specified date, or fails to provide evidence that the charge has been paid for health insurance for the student, shall not be accepted as an enrolled student until the charge has been paid.

(35) Re-enrolling students are required to re-enrol by the published closing date. Enrolment may be undertaken after the closing date at the discretion of the Director of Student Services.

(36) Enrolled students are obliged to provide personal information, including their full name, for record keeping purposes and for statistical purposes as required by the Commonwealth Government. The University takes seriously its obligations relating to an individual's right to privacy of personal information and has developed policies and guidelines in this area.

(37) A student shall remain enrolled until having:

- a. completed the coursework requirements, together with any additional units approved by the Head of School; or
- b. taken leave of absence for a specified period; or
- c. withdrawn; or
- d. failed to re-enrol; or
- e. been excluded; or
- f. had enrolment terminated as a result of student conduct proceedings.

(38) An enrolled student shall undertake the study units approved by the relevant Head of School, as amended by any approved variation.

(39) In exceptional circumstances, the Head of School may approve a unit substitution and permit a candidate to enrol in a unit or units other than those specified in the Schedule of Units for a specific award course.

(40) A student may not be enrolled in units in more than one (1) award course except with the approval of the relevant Member of Executive.

(41) A candidate cannot count a unit in a major towards more than one specialist or University-wide major. Where this rule would prevent a candidate from completing a major, a Head of School may substitute another unit for a unit which appears in more than one major. A substitution may be made more than once.

(42) A student shall not enrol for the equivalent of more than four units of study in any one study period, except with the approval of the relevant Head of School.

(43) In respect of any unit, the relevant School Board may prescribe that another unit is, or other units are, pre-requisite, co-requisite or anti-requisite. A student shall not, except with the approval of the relevant Head of School, be permitted to enrol in a unit if the specified pre-requisite, co-requisite and anti-requisite requirements for that unit are not satisfied.

(44) Upon enrolment, a student shall be entitled to receive a student identification card, which should be carried while on University premises and at such other locations as are prescribed in the requirements for particular courses. A student may be required to show this identification card upon request by a designated employee of the University. Lost identification cards will be replaced upon payment of a prescribed administrative charge.

(45) Upon enrolment, a student shall provide the Director of Student Services with an address for the mailing of all official correspondence. A student is expected to notify in writing the Director of Student Services of any change of address within no more than five (5) working days of the change. The University will not accept responsibility if official correspondence fails to reach a student who has not notified the Director of Student Services of a change of address.

## **Section 6 - Variation of Enrolment**

(46) A student who has enrolled for a study period may vary their enrolment by adding or withdrawing from individual units. Students may only add or withdraw from units in the manner prescribed by the Director of Student Services. Students are required to manage their study plan as prescribed by University Rules, Policies and Guidelines.

### **Adding Units**

(47) A student may enrol in additional units in a study period without penalty or special approval subject to the following:

- a. The student needs to be aware that they may receive study materials later than usual or miss lectures and tutorials. The Unit Assessor need make no allowances regarding deadlines for submission to assessment items because of this.
- b. The student varies their enrolment according to the deadlines as published by the Director of Student Services (normally the final day of week 2 of the specified study period)
- c. The student complies with all requisite conditions, enrolment restrictions and special approvals as listed in the Schedule of Units active at the time of the unit addition.
- d. The unit addition complies with the provisions of Enrolment in Section 5 - .

(48) Where the student proposes to add the unit after the final day of week 2 of the specified study period has passed, units may be added to their enrolment in the study period subject to the following:

- a. The census date for that study period has not yet passed; and
- b. the student obtains written authorisation from the relevant Head of School. Where the Head of School responsible for the student's admitted course and the Head of School responsible for the proposed unit enrolment are different, written authorisation must be obtained from both.

(49) A student will not be permitted to add units to their enrolment in a study period after the census date for that study period has passed. In cases where special circumstances, which were beyond the student's control, prevented the student from properly enrolling, the Director of Student Services may consider retrospective enrolment if the student can demonstrate that a lack of enrolment in that study period would cause them to suffer a significant disadvantage. Approval is not automatic and will be subject to the following:

- a. The student places their claim for retrospective enrolment in writing to the Director of Student Services, fully explaining the circumstances that led to their failure to properly enrol and outlining the significant disadvantage they would suffer if not enrolled retrospectively. Unit enrolment claims older than 12 months will not normally be considered.
- b. The student's claim for retrospective enrolment is accompanied by written authorisation from the relevant Head of School. Where the Head of School responsible for the student's admitted course and the Head of School

responsible for the proposed retrospective unit enrolment are different, the student must obtain written authorisation from both.

## **Withdrawing From Units**

(50) A student may withdraw from a unit until the last day of that study period, subject to the following provisions:

- a. A student who withdraws from a unit before the relevant census date shall have their enrolment in that unit deleted from their academic record.
- b. A student who withdraws from a unit after the census date but before two-thirds (2/3) of the specified study period has elapsed shall have a withdrawn notation for that unit recorded on their academic record.
- c. A student who withdraws from a unit after the expiration of two thirds (2/3) of the specified study period shall have a grade of Withdrawn Fail for that unit recorded on their academic record.
- d. If special circumstances require a student to withdraw from a unit after the expiration of two-thirds (2/3) of the specified study period, the student may apply in writing to the Head of School responsible for the unit to "withdraw without failure" from the unit. The application must be made to the Head of School within 12 calendar months of the last day of the study period to which the enrolment relates. Approval may be given by the Head of School for a notation of "withdrawn" to be recorded against that unit on the student's academic record. A "Withdrawn without failure" authorisation from the Head of School does not reduce the student's financial liability for the unit.
- e. The relevant Pro Vice Chancellor may approve a "withdrawal without failure" older than 12 months if it can be demonstrated that special circumstances applied to prevent the student from applying for withdrawal without failure. The onus is on the student to demonstrate special circumstances. Special circumstances apply only if they were beyond the student's control; impacted on the student's ability to apply for "withdrawal without failure" within the specified time frame; were such that it was impracticable for the student to apply for "withdrawal without failure" within the specified time frame.

(51) Commonwealth Supported Students will incur the full financial liability for the unit if the variation request to withdraw from the unit is submitted after the census date for the study period has passed. Fee Paying students will incur the financial liability applicable under the University tuition refund rules current at the time the variation request to withdraw from the unit is submitted.

(52) Where special circumstances beyond the student's control have forced a student to withdraw from a unit after the unit census date, the student may apply to the Director of Student Services for a remission/refund of the financial liability applicable associated with the unit subject to the following provisions:

- a. Remission/refund claims older than 12 months may be considered.
- b. Remission/refund claims must be made in the manner prescribed by the Director of Student Services.

## **Unit Cancellations**

(53) Where a School cancels a unit offering, the Head of School responsible for the unit will advise any student enrolled in that unit. The School will ensure that any student withdrawn due to School cancellation is provided with an alternative unit offering where appropriate. The Head of School will provide the Director of Student Services with written authorisation to withdraw the availability of the unit and to process any associated withdrawal of students.

(54) Students on Sanctions Students on student sanctions are not permitted to enrol in units. Students on sanctions may withdraw from units in accordance with the standard rules for Variation of Enrolment.

## **Section 7 - Leave of Absence for a Specified Period**

(55) A student may, by giving notice in writing to the Director of Student Services, take leave of absence for a specified period of up to one (1) year. A student may be granted more than one period of leave of absence, but the total period of leave of absence shall not normally exceed two (2) years. Leave of absence for a period in excess of one (1) year requires approval by the relevant Head of School. Honours students require the approval of the relevant Honours Coordinator before any period of leave of absence may be taken.

(56) A student granted leave of absence for a specified period shall be treated as having taken leave of absence from the course and withdrawn from any enrolled units of study in the study period in which leave is commenced. The student's academic record shall be amended as appropriate (see Section 6 - ).

(57) Leave of absence shall not normally be granted until a student has completed the requirements for at least one unit.

(58) A student resuming studies after a period of approved leave of absence shall be subject to the award Rules in operation at the time of resumption and shall be required to re-enrol as directed by the Director of Student Services.

(59) A student who fails to re-enrol as directed after a period of approved leave of absence shall be treated as prescribed in clause (63).

(60) Periods of approved leave of absence shall not be counted as part of the period for completion of a coursework award course (see Section 15 - ).

## **Section 8 - Withdrawal from a Course**

(61) A student who does not wish to continue to be enrolled in a course may withdraw from the course.

(62) A student who, having withdrawn from a course, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Section 1.

## **Section 9 - Failure to Re-enrol**

(63) A student who fails to re-enrol shall be regarded as having abandoned the course.

(64) A student who, having failed to re-enrol, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Section 1 - .

## **Section 10 - Exclusion**

A Head of School, Chairs of School Board or the Director, International Office may at any time seek a list of students whose academic performance provides grounds for exclusion.

(69) A Chair of School Board (or nominee) shall review the academic performance of those domestic and offshore international students who meet any of the grounds for exclusion, and shall within five (5) working days make a determination and notify the relevant School Officer in writing that the student:

- a. be allowed to continue; or
- b. be allowed to continue with specified conditions relating to a documented intervention strategy.

(70) A Chair of School Board (or nominee) shall review the academic performance of those domestic and offshore international students who meet any of the grounds for exclusion, and shall within five (5) working days make a determination and notify the Director of Student Services in writing that the student:

- c. details of the appeal process; and
- d. copies of, or links to, prescribed forms required to complete the appeal process.

## **Review of Exclusion**

(74) An excluded student may request the Head of School to review their exclusion.

(75) This request, stating clearly the reasons for a review, must be submitted in writing on the prescribed form to the Head of School within twenty (20) working days of the University's official date of notification.

(76) A request for review to the Head of School may only be made on the grounds that clause (66)a-(66)c or (67)a-(67)e was inappropriately or unreasonably applied, or that there were compelling or compassionate circumstances (including onshore international students as required in the [ESOS Act](#)) which contributed to poor academic performance.

(77) The Head of School shall review the decision and advise the student and Director of Student Services in writing of the outcome of this review within ten (10) working days of receipt of the request.

(78) All students will be advised of their right to appeal the review outcome and the internal appeals process if they are not satisfied with the result or conduct of the internal review process as described.

## **Appeals Against Exclusion**

(79) Where a student is not satisfied with the review outcome, they may appeal to the Academic Board Appeals Committee.

(82) A decision of the Academic Board Appeals Committee shall be final within the University.

(83) All students will be advised of their right to access an external appeals process through the relevant State and Commonwealth Ombudsman's Office if they are not satisfied with the result or conduct of the internal appeals process as described.

## **Appeals and Enrolment**

(84) Students who appeal their exclusion from a course, and have enrolled in the next study period, shall remain enrolled in the course until their appeal is decided.

(85) Students other than onshore international students who, whilst awaiting the outcome of their appeal have enrolled in the next study period and passed 50% or more of units attempted in that study period will have their exclusion lifted by the University.

## **Admission After Exclusion**

(86) An excluded student may enrol following the expiration of their exclusion.

(87) An excluded student may enrol in subsequent study periods prior to expiration of a period of exclusion, but will not be permitted to recommence study until expiration of the period of exclusion.

(88) Upon re-enrolling the student must consult with their Course Coordinator (or nominee) and, in the case of international onshore students, an International Student Adviser, to establish a study plan and appropriate unit load.

(89) If a student previously excluded accepts an offer in a new course their status will be the same as all commencing students.

### **Advanced Standing**
