- b. Unsatisfactory: Candidate to revise submission to the satisfaction of the Principal Supervisor and the relevant Director of Higher Degree Research Training.
- c. Unsatisfactory: Candidate to resubmit to confirmation period assessment process.

- e. Termination of candidature.

(26) Termination may also be recommended by the Chair of the Higher Degrees Research Committee under conditions in which the University is unable to provide adequate supervision.

## Part H - Thesis

(27) Candidates must submit the final draft of their Thesis for text-matching analysis in accordance with the [Text Software Matching Policy](#) and the [Text Matching Software Higher Degree by Research Procedures](#).

- c. it must be in English or in a language approved by the Higher Degrees Research Committee and reach a satisfactory standard of presentation; and
- d. it must have a substantial written component but may also contain a significant amount of non-written material.

(29) The thesis will consist of the candidate's own account of the work, except that in special cases work done conjointly with other persons may be accepted provided the Higher Degrees Research Committee is satisfied in respect of the candidate's part in the joint work.

(30) On submitting a thesis a candidate will adduce sufficient evidence of its authenticity and originality, and to this end will submit a written statement at the front of the thesis:

- a. indicating which portions are original and which are not; and
- b. giving the sources of information if these are not adequately indicated in the thesis; and
- c. indicating whether, and if so to what extent, any of the material submitted, or work on which it is based, has been used in seeking another degree in the University or elsewhere.

(32) A candidate may not submit as the main content of the thesis any work or material which has previously been

accepted for a degree or other similar award but will not be precluded from incorporating such work or material in the thesis, provided that the candidate indicates, generally in the preface and specifically in the notes, the work or material which has been so incorporated.

(33) The candidate may submit as supporting documents any work published by the candidate, but only if it bears on the subject of the thesis.

## **Part I - Thesis Submission**

(34) A candidate will, through the Principal Supervisor and relevant Director of Higher Degree Research Training, give the Graduate School two (2) months' written notice of intention to submit a thesis and such notice will be accompanied by the appropriate fee, if any.

(35) The supervisory team may, at its discretion:

(37) A thesis will be prepared in the format prescribed by the Graduate School.

(38) HDR candidates will be required to submit two copies of their final thesis to the Graduate School:

(39) The digital copy of the thesis will be deposited with the Graduate School using the prescribed form. This digital copy will be:

- a. included in the institutional repository for archival purposes; and
- b. made available on open online access unless application to restrict access is made and decided in accordance with clauses (40) - (42). Some third party copyright material contained in the thesis may need to be removed to provide online access. This will be done on the advice of the University Copyright Officer.

(40) The copies of the thesis deposited with the University Library will be available for consultation, loan, or copying at the discretion of the University Librarian, unless the University on the application of the candidate determines that it will not be available until after the expiry of a period, which period will not normally exceed two (2) years. The University Librarian will require each user and recipient of a copy of a thesis to undertake in writing to respect the author's rights under the law relating to copyright.

(41) A candidate may, when lodging a thesis, make application on the prescribed form to the Dean, Graduate Studies, to restrict access to a thesis, either in whole or in part, and in all formats. The Dean, Graduate Studies, will decide such application in accordance with the terms detailed on the prescribed form. Normally, access may be restricted for a period up to two (2) years. In special cases, application may be made to restrict access for a longer period. Where the thesis contains material which the candidate considers should have restricted distribution, the Principal Supervisor, the Dean, Graduate Studies, and the examiners will be informed which parts are classified.

(42) Where a candidate states that a thesis contains confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, the candidate may, to the extent that it is possible, place that information in an appendix to the thesis. The copy of the thesis deposited in the University Library will have a notation, authorised by the Manager of the Graduate School, indicating which parts of the thesis are not included because they contain confidential information, and informing the reader to contact the candidate for further information.

## **Part J - Examination of Thesis**

(43) The Higher Degrees Research Committee will appoint at least three (3) examiners of whom at least two (2) will be external to the University. A supervisor of a thesis will not also be an examiner. The examiners may not consult with each other except via the Graduate Office. Each examiner will make a separate report and recommendation on the merit of the thesis and any other work submitted for examination. An examiner may question the candidate, through the Manager of the Graduate School, in relation to any aspect of the work which, in the opinion of the examiner, requires clarification. Any questions and answers will be sent to the other examiners.

(44) The examiners' reports on a thesis will be forwarded to the relevant Director of Higher Degree Research Training for comment, who in turn will forward them to the Principal Supervisor and the candidate for comment. The examiners' reports, together with any written comments received from the Principal Supervisor and the candidate, will then be considered by the relevant Director of Higher Degree Research Training, who will make a recommendation to the Higher Degrees Research Committee.

(45) The recommendation of the relevant Director of Higher Degree Research Training, together with the reports of the examiners and any written comments received from the Principal Supervisor and candidate, will be considered by the Higher Degrees Research Committee, which will have broad discretion to seek additional input as appropriate, and which will:

- a. recommend to the Academic Board that the candidate be admitted to a Professional Doctorate degree; or
- b. recommend to the Academic Board that candidature be terminated.

(46) Before making a recommendation to the Academic Board, the Higher Degrees Research Committee may require:

- a. a candidate to address any matters raised in the examiners' reports,
- b. a candidate to address additional issues in the thesis,
- c. additional input to the examination process, for example, the candidate may be required to undertake a written or an oral examination of the thesis under such reasonable conditions as determined by the Higher Degrees Research Committee; or
- d. re-examination of the thesis within six months if full-time, or within one year if part-time.

(47) Candidates required to undertake changes to their thesis in response to examiners' reports prior to award will be required to undertake these changes within a maximum of three months after the date of notification of these; and the School and supervisor are required to review these and submit a report on changes made for final ratification by the Higher Degree Research Committee no later than six months after the original notification of these to the student (unless a longer period is approved by the HDRC).

(48) A candidate whose thesis fails re-examination, as conducted under conditions prescribed by the Higher Degrees Research Committee, will have candidature terminated by the Academic Board and will not be eligible for re-enrolment in the degree in the same topic area.

## **Part K - Maximum Tenure, Extension, Interruption and Cancellation**

(49) The maximum period of Professional Doctorate candidature is three (3) years full-time, six (6) years part-time. A candidate will present a thesis for examination a minimum of two months prior to their maximum period of candidature, unless special permission for an extension of time has been granted by the Manager of the Graduate School. Maximum time allowed to complete a course will not include periods of approved leave of absence.

(50) The Manager of the Graduate School, on the recommendation of the Principal Supervisor and relevant Director of Higher Degree Research Training, may permit an extension or interruption of candidature for a period or periods totalling no more than one (1) year.

(51) The Higher Degrees Research Committee may on behalf of the Academic Board permit interruption beyond one year, at its discretion and on the recommendation of the Manager of the Graduate School.

(52) Unless the Manager of the Graduate School, or the Higher Degrees Research Committee, otherwise determines, a candidate will maintain continuous enrolment until all requirements for admission to the degree have been met.

(53) A candidate may cancel enrolment at any time by giving written notice to the Graduate School.

(54) A candidate who exceeds the maximum tenure without an approved extension, will be deemed to be, and recorded as having 'lapsed candidature'. An application for re-admission must be made within the following time periods:

- a. Candidates who were enrolled full time at time of their candidature's lapse, up to 6 months from notification of lapse of candidature
- b. Candidates who were enrolled part time at time of their candidature's lapse, up to 12 months from notification of lapse of candidature

(55) Any lapsed candidate who does not apply for readmission to submit a thesis for examination by the end of their maximum period of lapsed candidature, or whose readmission application is rejected, or who does not submit within the one calendar month following readmission, will be considered to have failed and will have their candidature terminated.

(56) Within 8 weeks of a student being notified of SCU Withdrawn the principal supervisor will provide the Manager of the Graduate School with a written report on the reasons for the candidature's failure to submit a thesis within the maximum period of candidature. Upon receipt of this report the Manager of the Graduate School may seek further information from the supervisor, student and/or other members of the supervisory team concerning the unsuccessful candidature.

## **Part L - Readmission**

(57) A candidate whose candidature is terminated will not be eligible to be readmitted until the lapse of one (1) year, unless approved by the Manager of the Graduate School.
