(12) If an employee elects on their own accord to work outside, or in excess of, the ordinary hours or rostered span of hours on any one day or in any one week, no right to overtime payment exists.

## **Entitlement**

(13) Providing prior approval to work overtime has been obtained from the Head of the Work Unit, employees are entitled to receive the following overtime payments:

- a. Monday to Saturday: Overtime worked is paid at the rate of time and one-half for the first two hours and double time thereafter.
- b. Sunday: All overtime worked between midnight Saturday and midnight Sunday is paid at the rate of double time, with a minimum payment of four hours. Where overtime commences before midnight on a Sunday and continues beyond midnight, all continuous overtime worked will be paid at double time.
- c. Public holidays: All overtime worked on a public holiday is paid at the rate of two and one-half times the ordinary rate of pay, inclusive of the ordinary rate of pay, with a minimum payment of four hours.

(14) Wherever it is reasonably practicable, overtime should be arranged so that employees have at least 10 consecutive hours off duty between work undertaken on successive days.

(15) Where an employee works so much overtime that they do not have at least 10 consecutive hours off duty between finishing overtime on one day and commencing ordinary duty on the following day, the employee is entitled to be absent for 10 consecutive hours without loss of pay after completing the overtime.

(16) If, on the instruction of their supervisor, the employee resumes or continues working without having had 10 consecutive hours off duty, they will be paid at overtime rates until they are released from duty. In these circumstances, the employee is entitled to be absent from work for 10 consecutive hours without loss of pay.

(17) In the case of shift workers, eight hours should be substituted for the 10 hours specified in clause 15 when the overtime is worked for the purpose of changing shift rosters, or when a shift worker fails to report for duty and a day worker or shift worker is required to replace them.

(18) Where an employee has been instructed to report for duty for overtime on a day on which they would not have been required to work and, on reporting for duty on that day finds no overtime is available, the employee will be paid three hours overtime at the overtime rate for that day.

(19) Employees called back to work after leaving the University will be paid at the appropriate overtime rate for a minimum of four hours. Each callback stands alone. This does not apply where it is customary for an employee to return to the University to perform prearranged overtime or where the overtime is continuous (provided there is a reasonable meal break) with the start or end of the employee's normal working time.

(20) Each day's overtime stands alone and is calculated to the nearest quarter hour.

(21) Overtime payments will be calculated on the ordinary hourly rate of pay for eligible employees.

(22) Employees must not work for more than five hours continuously without taking a meal break of at least 30 minutes.

## **Payment of meal allowances during periods of overtime**

(23) Where an employee is required to commence overtime at or before 6.00 am, and the starting time is at least one hour before the employee's prescribed starting time, a breakfast meal allowance is payable.

(24) Where an employee is required to work overtime for more than five hours on a Saturday, Sunday or public

holiday, a lunch meal allowance is payable.

(25) Where an employee is required to continue working beyond two hours after their prescribed finishing time a dinner meal allowance is payable, except when the overtime worked ceases no later than 7.00 pm Where a break of one hour or less is taken between the employee's prescribed finishing time and the commencement of overtime, the employee will be entitled to a dinner meal allowance. Where a break in excess of one hour is taken between the employee's prescribed finishing time and the commencement of overtime, a dinner meal allowance will not be paid.

(26) Details of overtime meal allowances rates can be obtained from the current [Schedule of Non-Executive Domestic Travel Allowances](#).

## **Application and Approval Process**

(27) To claim payment for overtime worked, an employee must record the details in the overtime section of their timesheet attendance record in MyHR. In the 'Type' field, select 'Overtime: Paid for additional hrs' from the drop down list. Record the start and finish times for the overtime worked and any time taken for breaks during the overtime in the appropriate fields. On the basis of the information provided, the employee's entitlement for meal allowances will be paid.

(28) The timesheet record is automatically forwarded to the employee's supervisor. Where overtime is claimed, the supervisor must forward the timesheet record to the Head of Work Unit for approval.

(29) The timesheet attendance record must be approved by noon on the Monday before payday to ensure payment on the following payday. This deadline may vary when public holidays limit the time available for payroll processing.

## **Part B - Time-off-in-lieu (TOIL)**

### **Eligibility**

(30) If an employee works overtime and agrees to take TOIL instead of being paid overtime, the employee is given time off for a period equal to the overtime hours that would have been payable.

(31) TOIL is not available to casual employees.

(32) TOIL accrued is calculated at the overtime rate appropriate to the period of overtime actually worked. For example, four hours overtime worked at double time is equal to eight hours' time off in lieu of overtime payment.

(33) TOIL balances are available through [MyHR](#).

### **Claiming TOIL**

(34) To claim TOIL for overtime worked, an employee must record the details in the overtime section of their timesheet attendance record in MyHR. In the 'Type' field, select 'Overtime: Accrue TOIL hours' from the drop down list. Record the start and finish times for the overtime worked and any time taken for breaks during the overtime in the appropriate fields. On the basis of the information provided, the employee's entitlement for meal allowances will be paid.

(35) The timesheet record is automatically forwarded to the employee's supervisor. Where TOIL is claimed, the supervisor must forward the timesheet record to the Head of Work Unit for approval.

### **Taking accrued TOIL**

(36) The taking of accrued TOIL is always at the work unit's convenience and at a time which is mutually agreed between the employee and their supervisor. Before taking TOIL, full-time employees must complete a leave

application in MyHR and part-time employees must seek approval from their supervisor by email.

(37) TOIL should be taken within six months of accrual.

(38) Where the University has not been able to allow the employee to take TOIL within six months of its accrual, overtime will be paid to the employee at the rate applicable at the time of accrual.

(39) All employees are required to reflect absences in their timesheet attendance records.

(40) The University will not pay accrued TOIL when an employee ceases work with the University.

## **Part C - Travelling time**

### **Eligibility**

(41) When professional employees are required to perform duties at a location other than their normal workplace, the University compensates them as follows for time spent travelling to and returning from the temporary location:

a. Employees working flexitime:

- i. Eligible employees, other than grounds and outdoor staff: travelling undertaken within the time limits of 7.00 am to 7.00 pm should be recorded as flexitime; and
- ii. Grounds and outdoor staff: travelling undertaken within the time limits of 6.00 am to 6.00 pm should be recorded as flexitime.

For travelling time outside these limits and/or on days when they are not rostered for duty, the employee is entitled to accrue TOIL for the time spent travelling to and returning from the temporary location.

a. Employees working fixed hours: travelling time in excess of their normal daily hours and/or on days when they are not rostered for duty attracts the accrual of TOIL.

(42) In cases where the employee travels directly from home to the temporary location or from the temporary location to their home, travelling time will be assessed on travel undertaken between the employee's home and the temporary location. Where the employee travels from their usual workplace to the temporary location or returned from their temporary location to their usual workplace, travelling time will only be assessed on travel undertaken between the employee's usual workplace and the temporary location.

(43) Calculation of travelling time will normally be based on the most practical and economical form of transport available for the journey.

(44) TOIL accrued is equivalent to the actual hours of travel, regardless of when the travel is undertaken, and is assessed to the nearest quarter hour.

(45) In exceptional circumstances, where the University determines that TOIL cannot be conveniently granted because of workplace requirements, payment for travelling time will be considered as an alternative to the granting of TOIL. Payment must be approved by the Head of Work Unit and will be assessed at the employee's normal hourly rate for the period involved.

### **Application and Approval Process**

(46) Employees who accrue TOIL of travelling time should record the details in the overtime section of their timesheet attendance record in MyHR. In the 'Type field, select 'Travel: Accrue TOIL for Travel time' from the drop down list. Record the start and finish times for the travelling time in the appropriate fields. On the basis of the information provided, the employee's entitlement for meal allowances will be paid.

(47) The timesheet record is automatically forwarded to the employee's supervisor. Where TOIL is claimed, the supervisor must forward the timesheet record to the Head of Work Unit for approval.

(48) The taking of accrued TOIL is always at the work unit's convenience and at a time which is mutually agreed between the employee and their supervisor. Before taking TOIL, full-time employees must complete a leave application in MyHR and part-time employees must seek approval from their supervisor by email.

(49) All employees are required to reflect absences in their timesheet attendance records.
