(3) The Head of Work Unit may transfer their approval authority for carer's leave to a manager/supervisor (at HEW5 level and above) within their work unit using a [Transfer of approval authority](#). The transfer will enable the manager/supervisor to approve carer's leave within MyHR for employees reporting to them.

(6) Untaken carer's leave does not accrue from year to year.

(7) An employee who has exhausted their annual carer's leave entitlement may access any available personal leave subject to the medical certificate provisions in clause 11.

(8) Casual employees are not eligible for paid carer's leave.

Conditions

(9) Carer's leave is available to an employee to care for or support a member of their family, or their household, in the event of personal illness, personal injury, or due to an unexpected emergency affecting a member of their family or household, including for personal illness, personal injury or an unexpected emergency arising from domestic violence.

(10) The employee must have responsibility for the care of the family member concerned.

Medical Certificates

(11) Carer's leave absences of three days or more must be supported by a medical certificate from a medical practitioner (medical doctor or medical specialist) specifying the employee is required to provide care and the duration of the illness/injury from which the employee's family or household member is suffering.

(12) The onus is on the employee to clearly establish the need for carer's leave and the relationship that exists between the employee and family member.

Carer's leave during other periods of leave

(13) Carer's leave will not be granted where an employee is absent on another period of approved leave.

Relieving allowance will not be paid when the total continuous period in the higher position is less than six months. In such cases, should the period in the higher position subsequently be extended beyond six months, the allowance will only be paid during periods of carer's leave taken after an extension beyond six months has been approved and six months in the higher position has been served.

Where emergency circumstances contribute to the absence and prior notice cannot be given, the employee should, as far as practicable, advise their supervisor of their absence and the estimated duration within one hour of the commencement of the first working day of the absence. The employee must communicate directly with their supervisor or nominated officer, not by way of voice mail or email.

(20) The employee is required to complete a leave request in MyHR, prior to commencing the leave where possible, or as soon as they return to work.
