

Parental Leave Procedures

Section 1 - Preamble

(1) These provisions apply where employment is governed by the University's current Enterprise Agreement. Parental Leave provisions under other industrial instruments may differ.

(2) Parental Leave provisions do not apply to casual employees.

(3) Casual employees will not be discriminated against in relation to employment at the University as a result of pregnancy or family responsibilities.

Section 2 - Approval Authority

(4) The Head of Work Unit has the authority to approve Parental Leave, subject to the provisions of the [Enterprise Agreement](#) or appropriate industrial instrument, University Policies and Procedures.

Section 3 - Definitions

(5) 'Parental Leave' includes: Primary Carer leave, Partner leave, adoption and permanent care order leave.

(6) 'Nominal Commencement Date' for the purposes of determining eligibility for payment of Parental Leave will be:

- a. Primary Carer leave: four weeks prior to the expected date of birth of the child for an employee who is pregnant, and within six weeks following the birth of the child for an employee who has not given birth but who will become the Primary Carer; and
- b. adoption and permanent care order leave: the notified date of placement of the child with the employee.

(7) 'Partner' means husband, wife, de-facto partner or same sex partner for the purposes of determining eligibility for Partner leave.

(8) 'Primary Carer' refers to the person who has major responsibility for the care of a child born less than 12 months ago, for the duration of the leave. For the duration of the leave, the employee's partner and/or other parent of the child (or children) must be:

- a. working on a continuing, fixed-term, casual or contractual basis and not on any form of paid or unpaid leave (other than partner leave) in relation to the child; or
- b. enrolled with an officially recognised education provider and studying on a full-time basis; or
- c. unable to be the primary carer of the child.

(9) The Primary Carer may not necessarily be the same individual for the total period of Parental Leave.

Section 4 - Conditions

Right to request

(10) Notwithstanding other Parental Leave provisions, an employee entitled to Parental Leave has the right to request the following:

- a. an increase in simultaneous Parental Leave (using unpaid parental leave) up to a maximum absence of eight weeks.
- b. an extension of unpaid Parental Leave from 52 weeks to 104 weeks; and
- c. to return to work on a part-time basis while the child is of school age or younger.

(11) The University will consider the request, having regard to the employee's personal circumstances, and provided the request is genuinely based on the employee's parental responsibilities, may only refuse the request on reasonable grounds related to the effect on the workplace.

(12) Where an employee requests to return to work on a part-time basis, the University may consider temporary placement to an alternative position within the University if the substantive position is not suitable for a part-time appointment.

(13) Written requests for additional periods of leave must be received at least five weeks before the approved period of Parental Leave ends.

Fixed-term employment and Parental Leave

(14) Employees with a fixed-term appointment are not entitled to Parental Leave extending beyond the date on which their contract expires.

(15) The University may extend a fixed-term contract to an employee whose fixed-term contract expires while she is pregnant, provided the University would reasonably expect the work being undertaken by the employee to continue, and subject to satisfactory performance.

Parental Leave for both parents

(16) Where both parents are entitled to parental leave, leave must not be taken concurrently except for the two weeks of paid Partner or eight weeks unpaid leave which can be taken during the period two weeks prior to and three months after the expected date of birth or the expected date of placement of the child.

Pay arrangements during Parental Leave

(17) Payment for Parental Leave is made on the fortnightly pay days that fall during the period of paid parental leave. There is no provision for payment in advance for periods of parental leave.

(18) Employees must make their own arrangements for salary deductions such as housing loan repayments and medical insurance during periods of unpaid parental leave.

Payment of allowances during periods of Parental Leave

(19) Relieving allowance and additional responsibilities allowance will continue to be paid during periods of paid Parental Leave if the employee is in the higher position for six months or more. Relieving allowance will not be paid when the total continuous period in the higher position is less than six months. In such cases, should the period in the higher position subsequently be extended beyond six months, the allowance will only be paid during periods of paid Parental Leave taken after an extension beyond six months has been approved and six months in the higher position

has been served.

(20) Both relieving allowance and additional responsibilities allowance will be paid at the same rate as the approved Parental Leave (for example 50% Parental Leave would result in payment of 50% relieving allowance or additional responsibilities allowance) .

(21) First aid allowance will be paid during periods of paid parental leave.

Public holidays during periods of Parental Leave

(22) A public holiday which falls during a period of Parental Leave is reflected as part of that leave. Salary for the holiday is paid at the same rate as the Parental Leave in which it falls.

Effect of Parental Leave on entitlements

(23) Parental Leave on full pay counts as 100% service and Parental Leave on half pay counts as 50% service for the accrual of annual leave. Service for part-time employees will be assessed on a pro-rata basis.

(24) Parental leave, whether paid or unpaid, must be taken in a single continuous period.

(25) Additional annual leave or long service leave may be used to supplement a period of parental leave, and must also be taken in a single continuous period.

(26) For employees who have not completed 10 years ' service, all Parental Leave without pay does not count as service for long service leave (LSL) purposes but does not break continuity of service for the purposes of LSL. Where 10 years ' service has been completed, Parental Leave without pay shall count as service provided the leave does not exceed six months. If the period of leave exceeds six months the whole period of Parental Leave without pay does not count as service.

Antenatal leave

(27) An employee who is pregnant may take personal leave to attend antenatal appointments.

Transfer to a safe job in pregnancy

(28) A pregnant employee has an entitlement to be transferred to an appropriate safe job.

(29) An appropriate safe job is a job that has:

- a. the same ordinary hours of work as the employee's present position; or
- b. a different number of ordinary hours agreed to by the employee.

(30) If this requirement is met and there is an appropriate safe job available, the employee will be transferred to that job for the risk period, with no other change to the employee's terms and conditions of employment. The employee will continue to receive their full rate of pay for the position they were in before the transfer and for the hours they work during the risk period.

(31) If there is no appropriate safe job available, and the employee is entitled to Parental Leave then the employee is entitled to take paid 'no safe job leave' for the risk period, and be paid at their base rate of pay for ordinary hours of work during the risk period.

(32) To access transfer to a safe job , evidence must be provided that would satisfy a reasonable person that they are fit for work, but that it is inadvisable for them to continue in their present position because of:

- a. illness or risks arising out of the pregnancy; or

- b. hazards connected with that position.

Employee's responsibilities

(33) Where the circumstances relating to a period of Parental Leave change, the employee is obliged to inform their supervisor and the details of the Parental Leave may be varied.

(34) During an extended absence on parental leave, an employee is to suspend membership on all University committees and relinquish all activities of an administrative nature. The employee should arrange for the chairperson of each committee to be notified as soon as practicable after the leave is approved.

Employer's responsibilities

(35) The University will inform employees on Parental Leave of decisions that will have a significant effect on the status, pay or location of their pre-Parental Leave position. All reasonable steps will be taken to give the employee information about (and an opportunity to discuss) the effect of any such decisions on the employee's position.

Keeping in touch days

(36) A keeping in touch day is when an employee performs work on a day or part of a day while on a period of approved Parental Leave if:

- a. the purpose of performing work is to enable the employee to keep in touch with their employment (this will also assist when the employee returns to work once their leave has ended);
- b. both the employee and the employer consent to the employee performing specific work on that day;
- c. the day is not within 42 days of the date of birth or placement of the child to which the period of leave relates (if requested by the employer);
- d. the day is not within 14 days of the date of birth or placement of the child to which the period of leave relates (if requested by the employee); and
- e. the employee has not already performed 10 keeping in touch days of work during the period of leave.

(37) An employee who performs work on a keeping in touch day is entitled to payment in accordance with their contract of employment or appropriate industrial instrument.

(38) A keeping in touch day will not break the single continuous period of unpaid parental leave.

Return to work

(39) The employee is entitled to return to the substantive position they held immediately prior to proceeding on parental leave. If that position no longer exists, and the employee is qualified for and can perform the duties of other positions in the institution, the University is obliged to place the employee in a position at the same status and remuneration to the substantive position held prior to proceeding on leave. Should a position at the same status and remuneration not be available, the University is obliged to place the employee in a position nearest in status and remuneration to the substantive position held prior to proceeding on leave.

(40) Where an employee requests to return to work on a part-time basis, the University may consider temporary placement to an alternative position within the University if the substantive position is not suitable for a part-time appointment.

(41) At least five weeks prior to their return to work, the employee must provide written notice either:

- a. confirming their intention to return to work ; or
- b. requesting an extension to the period of leave.

Early return to work

(42) Where the circumstances relating to the grant of Parental Leave change, the employee may request that consideration be given to shorten the period of approved parental leave. Such requests must be provided in writing at least five weeks before the proposed date of return to work .
